Homeland Security

Secretary's Honors Program

Cyber Student Volunteer Initiative (CSVI)

SHP CSVI Overview

The Secretary's Honors Program (SHP) Cyber Student Volunteer Initiative (CSVI) provides students pursuing cybersecurity-related degrees with an opportunity to work with top Department of Homeland Security (DHS) cybersecurity professionals, while learning about the unique cybersecurity missions of the department. By offering temporary, hands-on experience to current students, DHS hopes to make a meaningful impact on the education of the Nation's next generation of cybersecurity talent.

Why Participate

As a Cyber Student Volunteer, you can:

- Explore exciting cybersecurity career opportunities, including those available in public service
- Apply concepts, protocols, and tools acquired through coursework by assisting cyber-experts in the real world
- Build technical experience in key areas such as digital forensics, network diagnostics and incident response
- Network with cybersecurity professionals through mentoring and professional development events from cyber-threats

Student Assignments

- Stipend available
- Available in over 50 office locations across the Nation
- 12 - 16 week assignments (May – Sep.) with a possibility of extension
- Flexible start dates and schedules
- Possibility to receive course credit from your institution

Participating DHS Components

- Customs and Border Protection (CBP)
- National Protection and Programs Directorate (NPPD)
- Office of the Chief Information Officer (OCIO)
- Office of Intelligence and Analysis (I&A)
- Office of Policy/Cyber, Infrastructure, & Resilience Policy
- Transportation Security Administration (TSA)
- U.S. Coast Guard (USCG)
- U.S. Immigration and Customs Enforcement (ICE)
- U.S. Secret Service (USSS)

Eligibility Requirements

- ⇒ U.S. citizenship
- ⇒ Seeking an undergraduate or graduate degree in 1) science, technology, engineering, or mathematics (STEM); 2) cybersecurity-related studies; or 3) an alternative field but possess an interest in possible future work in cybersecurity
- ⇒ Grade Point Average 3.0 on a 4.0-point scale
- ⇒ Ability to successfully complete a background investigation
